## Profile

I have over 8 years of post production experience in a wide range of production formats including feature length and short films, television, TVCs, promos and corporates. I aim to be a highly efficient editor and focus on telling the story in visually interesting ways. I have a strong team ethic and enjoy working in a group as well as taking the lead of a head of department. I'm a quick learner and love tackling new challenges with creative solutions because that's when making films is the most fun.

- Highly skilled in Avid Media Composer, Adobe Premiere, Final Cut Pro (7 / X) and Da Vinci Resolve. Experience of Adobe After Effects, Photoshop, Media Encoder, Pro Tools and Compressor.
- Experience across whole Post Production workflow including:
  - Media ingest, backup, proxy generation
  - Audio synchronisation and multi-cam grouping
  - Project organisation, footage review and assembly
  - Offline / online editing
  - Media conform and grading
  - Export & QC
- Home and mobile facilities with access to Avid, Premiere, Final Cut and Da Vinci Resolve.
